## CAMP FORTY ACRES VANDALIZED

Camp Forty Acres, the Wilmington Youth Camp for boys and girls, has been vandalized beyond repair, Charles Crotty, Boy Scout Commissioner, told the Wilmington Police last night.

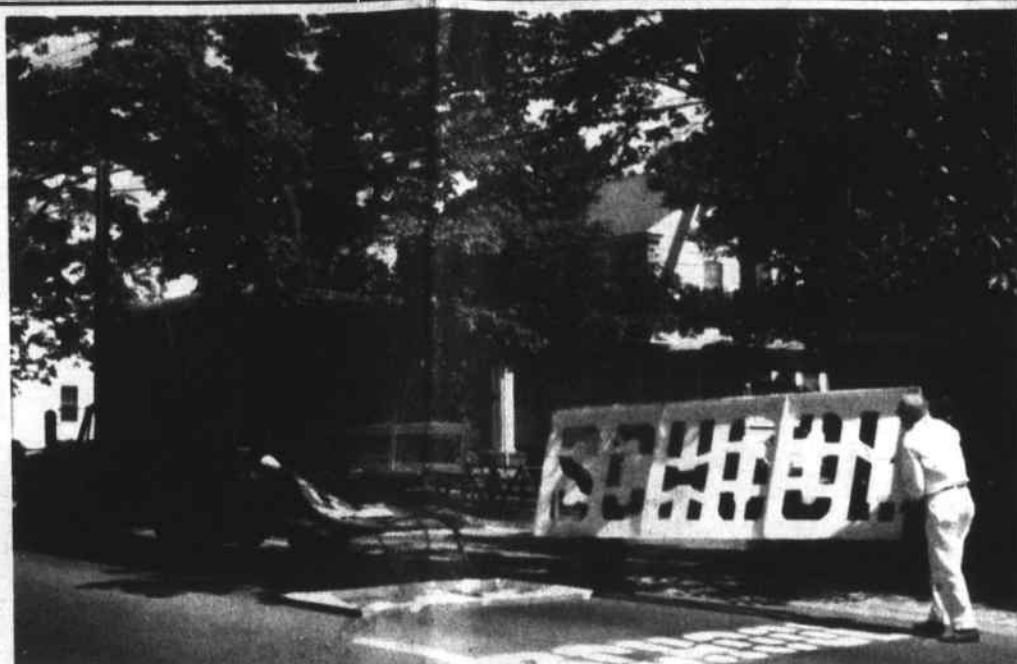

Crotty inspected the camp yesterday evening and found a number of motorcycle tracks leading into the camp from an old gravel pit in Andover, adjacent to Camp Forty Acres.

Every building had been smashed. Boot marks were on the doors. Crow-bar marks on the windows. Very heavy shutters made of extra heavy material and hardware, had been ripped to pieces by crow-bars. Every pane of glass in every window was broken. All furniture was broken. Damage was done to all the lean-tos. Telephone lines and electrical lines had been ripped out.

There have been instances in the past of damages to Camp Forty Acres, but usually the damage was minimal.

Camp Forty Acres is maintained by volunteers, for the youth of Wilmington. Every spring time the volunteers work for several week-ends, clearing and building new facilities. This year exceptional work was done by several professional artisans all of which has now been smashed.

Foster Balsar, one of the Trustees for Camp Forty Acres told the Town Crier last night that Camp Forty acres has bookings until January One, for use by different Scouting groups. This will all have to be cancelled, now, he said.

## 5028 STUDENTS

The Wilmington Public Schools accepted, by count, 5028 students yesterday, on the first day of school. All operations proceeded smoothly. The total enrollment won't yet be known for a few days, however.

About 80 more pupils are expected today, in the Special Education (Project Seem) Classes, and on Monday there will be new First Graders and Work Study pupils, which will bring the total school enrollment to about 5200.

CHILDREN WERE TRANSFERRED FROM THE WILDWOOD SCHOOL Wednesday to other schools. Supt. of Schools Walter Pierce explained the situation to one lady for 25 minutes, yesterday afternoon, while others waited to talk to him. At right is the Assistant Superintendent, Derek Little.

## Who owns the Transformers?

Who owns the transformers, behind the Glen Road School? Are they part of the school property - they stand on school ground - or are they the property of the Reading Municipal Light Department? No one seemed to have the answer Monday, when a stolen car

crashed into them and knocked them out of action. The car, a light blue Ford Falcon, had been stolen from Michael Moran, 7 Drury Lane, and was without license plates.

The Reading Municipal Light Department got things working again, after a couple of hours.

## Stacked in the Bushes

Thieves who gained entry to Grants Store in Wilmington Plaza, over the holiday weekend, hoisted out their loot through a skylight, and transported it to the woods, where it was neatly stacked in some bushes.

After the burglary was discovered on Tuesday morning, someone discovered all the loot, out in back.

It was all taken back to the store. Nothing was missing. Police suspect small boys as the thieves.

## Stolen Car Torched

A Super-Sport Chevrolet, owner unknown, was burned in a fiery mass, on September 5th. The fire was presumably set, and the car stolen, but no one can prove it. Nothing remains to identify the car.

## YMCA SWIMMING AND DIVING TEAM

The North Suburban Y.M.C.A. is building an A.A.U. Age Group Swimming and Diving Team, to include boys and girls ages 6 to 17 years. This team will also compete in the YMCA Eastern District League.

To insure the success of the team and to make it "a family affair" the Coach plans to form an Aquatic Club for all the parents of the swim team members. Twelve parents will be asked to serve as Board Members in addition to the regular officers of president, V president, etc.

There will be a meeting for all interested swim team parents at the North Suburban Y.M.C.A. 137 Lexington St., Woburn on Thursday, September 16 at 8 p.m. Everyone is welcome.

For further information, call Ken Turpin at the "Y", 935-3270.

## CHARLES MOEGELIN PROMOTED

Charles B. Moegelin, son of Mr. and Mrs. Ernest Moegelin, of 2 Gunderson Road was recently promoted to Army Specialist Four.

He is now serving in Germany as a Military Policeman in the 503rd Military Police Company, 3rd Armoured Division.

## LAWRENCE HOWE AT JOHNS HOPKINS

Lawrence Howe, son of Mr. and Mrs. Chester C. Howe, of Grove Avenue, left this week to begin his studies at the Johns Hopkins University at Baltimore, Md.

Lawrence, a member of the class of 1971, WHS, received a Demoules Scholarship Award, and a scholarship from Johns Hopkins University. He is planning a future in international affairs.

## September 28 Public Hearing for Industrial Way

A public hearing, in the Planning Board meeting room of the old Mildred Rogers School, is scheduled for September 28 at 8 p.m. on the construction of Industrial Way, a road that services many of Wilmington's industries in South Wilmington, including Compugraphic, Market Forge and Smithcraft. The hearing is being called by the Wilmington Planning Board, and is specifically concerned about a railroad crossing over Industrial Way.

Arguments on the proper form and context of the hearing lasted for a full hour, Tuesday night, with both the Town Manager and the Town Engineer taking part in the discussion with the Planning Board members. Town Manager, Sterling Morris specifically attended the meeting for the purpose of discussing the problems of Industrial Way.

When the developer of Industrial Way, I. Fred DeCenso, started, in 1966, he told the Planning Board that he would eventually be putting in a railroad siding. It was that siding which caused the arguments, Tuesday evening.

One of the troubles was that several plans, of a varying nature, had been submitted over the years, and in the meantime the Town Engineer was getting worried over the possible damage to water and sewer mains, if the railroad crossing was built without specifications. The situation was complicated.

Town Manager Sterling Morris told the Planning Board that there had been a conference with himself, the Town Council, and the Town Engineer, last Friday. There had been a discussion over the possibility of a Bill in Equity, in the courts, to ensure that there would be no damages to public water and sewer facilities by trains. It would be, the Town Manager said, a friendly suit, just one where the various intricacies

could get straightened out. "All we are looking for is a way out". He wanted additional construction specifications for the railroad spur which is to go into the industrial subdivision, and he wanted the specifications to have "teeth".

It was argued that the developer had put the railroad spur in places other than where he should have. Danny Gillis countered this with arguments that he had said, in 1966, that he was going to put in a railroad.

The Town Engineer argued that there was a possibility that the first railroad train to cross Industrial Way would crush the sewer or water lines. This was agreed. Harding also argued that the plan had been modified. This neither Gillis nor Bower would admit, but Gillis said that Engineering Plans were necessary.

The public hearing, which is to be held at 8 p.m. on September 28th is to make certain that the railroad will be constructed properly.

## Price set for B&M Right-of-Way

The Boston Herald, on August 31st, reported that a price of \$18 millions had been set by an arbitrator, for the 16 mile long track of the Boston and Maine, from Boston to Wilmington Junction. Atty. Richard Schoenfeld of Newton set the price for the possible purchase of the right-of-way by the MBTA.

The B&M had originally asked \$26.6 million, and the Massachusetts Bay Transportation Authority offered \$4 million. The \$18 million price includes \$9.8 million for "fair market value" of the land involved, \$6 million for physical assets above the land and \$2.1 for other assets, such as the railroads signal system. Part of the stipulated agreement is that

the MBTA would have to relocate the B&M's freight line tracks, and that part of the freight line service would be abandoned.

The chances are remote that the transaction, if completed, will affect Wilmington. While the land involved goes to Wilmington Junction (which is northerly from Salem Street) the Wilmington Selectmen, two years ago, in a move which was understood to be final, rejected the idea of the MBTA using that railroad into Wilmington. According to that vote, unless there is a future change of thinking in the MBTA, their trains will run as far as Reading, to a new terminal to be built near the Reading - Wakefield line.

## MRS RICHARD COGAN IS PRESIDENT OF LWV

Mrs. Richard W. Cogan of Kenwood Avenue is the president of the League of Women Voters of Wilmington. Other officers and directors for the year 1971-72 are: First Vice President - Mrs. Arthur Bureau, Second Vice President - Mrs. Ronald H. Wolff, Secretary - Mrs. James O. Rourke, Treasurer - Mrs. Arnold Peterson. Elected directors are: Mrs. Charles J. Eremka, Mrs. John Marshall, Mrs. Robert A. Pease, Mrs. Walter H. Pierce, Mrs. Peter S. Smith and Mrs. Henry Sullivan. Directors appointed by the elected board are: Mrs. Ralph Burpee, Mrs. Francis Ottati, Mrs. Robert Rando, Mrs. George W. Rodan and Mrs. George H. Rushton.

The first event of the League year is to be the annual membership supper on September 22 at the Methodist Church. The theme this year is, "Get Acquainted with the League". Any woman 18 years old or over interested in learning more about League is invited to attend. Further information may be had from Barbara Pierce, 658-9845.

Areas to be covered by the LWV studies this year include Environmental Quality, and the U.S. Congress on the national level. At the state level the studies are the Judicial System of the Commonwealth, and laws pertaining to Birth Control and Abortion. Wilmington's master plan and school building needs are the local studies to be undertaken this year. Voter Service emphasis this fall will be focused on the newly enfranchised 18 year olds.

## Planning Board questions State DPU Order

By a three to two vote, Tuesday evening, the Wilmington Planning Board voted to ask the Town Council to petition the Courts to disallow a decision by the Massachusetts Department of Public Utilities, recently made, relative to a facility of the Lowell Gas Company, proposed for Woburn Street.

The motion was by A. Daniel Gillis, and voting with Gillis were Bill Hooper and Bill Hanlon. Chairman Mort Grant and Zane Bower voted against the motion. The discussion was about an order, from the DPU, which had come from the Town Clerk, and bore the date of August 27th.

The Lowell Gas Company had planned to install a gas line facility on Woburn Street, including a tank for gas and a building. Subsequently the tank and reduction unit accompanying it were changed to be erected on a site off Ballardvale Street. The State DPU, however, has ordered that the building be erected on the Woburn Street site, on a lot of land near the Wildwood School.

Mr. Gillis and friends contend that the State Department of Public Utilities cannot change the zoning in a town, and are asking that the Town Council argue this position in court.

The discussion by Mr. Gillis, Tuesday evening, included one session with Town Manager Sterling Morris. It began with a reminder by Mr. Morris that the Board of Selectmen had approved allowing Lowell Gas to erect a building on the Woburn Street site.

Gillis said that he could see no reason why the State Department of Public Utilities should be exempt from the Town of Wilmington Zoning. "Let them have it (the building) in a Business District - Let them do as the Outdoor Advertising did - to the Governor - If the Selectmen

say it is all right to put it in, why don't the Selectmen come here - not that I'm looking for a fight with the Selectmen!"

Morris: "Danny, You and I know they are exempt!"

Gillis: "They are not! Their regulations are not State Law - and I say that Zoning Laws are more powerful than their regulations".

"My stand has been the same for fifteen years - what is good for one is good for all."

Zane Bower, who voted against taking the DPU to court, was unhappy about the way the hearings were conducted by the DPU. He felt there should have been a separate hearing for the building, when it was decided to divide the facility into two parts. "I specifically spoke about it to the gentleman" - presumably the Secretary of the DPU.

Chairman Mort Grant, who voted against the motion, felt that "in view of the fact that the Selectmen were aware of the change in zoning they were apparently acting in the best interest of the town. I don't say you have to follow them, but I do say you have to consider their actions".

## Loyalty Test

John Ritchie, Assistant Coach of the Wilmington High School Football Team should maybe stay out of New Hampshire. Something always seems to happen to John in the Granite State.

A year ago John was in New Hampshire with the team, and he and a player went to a laundrette, to wash the football team jerseys. Neither understood the intricacies of the modern marvel of plumbing, and they put in too much soap powder, with results that can be imagined by any housewife, whether or not she is a football fan.

Last Friday, up in Freedom, John was showing the football team how to handle a canoe. At least, he was paddling along the shore, and the team was on the shore, watching.

The canoe overturned, and when John had spluttered out of the water he announced that everyone on the team had just flunked the "Loyalty Test".

Yezzir. Every player on that team was supposed to dive into the water and rescue John Ritchie - and none did.

## MOTHERS OF TWINS TO MEET

The first meeting of the Greater Lowell Chapter Mothers of Twins will be held on Monday September 13th at the Knickerbocker Club, Chamberlin Street, Lowell at 8 p.m.

The program for the evening will be a Yoga Demonstration by Mrs. Audrey Beati, who is also a member. A coffee hour will follow.

## AVCO Wins Industrial Softball Tourney

The Avco team of Wilmington slugged its way to the championship of the Industrial Semi-Fast Pitch softball tourney last week with 16-12 and 12-10 wins over the State Police and Smithcraft respectively.

In semi-final action a week ago tonight, Smithcraft belted Compugraphic 18-11 behind the slugging of Roger Smith (2 for 4 including a three run homer), Ala. Swan (3 for 5), Bill Swan (3 for 3 and four runs scored) and Paul O'Donnell (4 for 5 and three runs scored).

Meanwhile, the Avco win over the State Troopers was hotly disputed with each squad being involved in many decisions by the umpires. Avco trailed 10-7 entering the last inning, but the winners exploded for nine runs on six hits including Al Hause's two run homer to win going away despite a mild uprising by the Troopers in the last of the seventh. Howie Berryman (3 for 5) and Tom Serigian (4 for 4) led the winners while Pete Rudnicki slammed a two run homer for the losers.

## INSURANCE INSIGHTS

By Lloyd Bender

### Endorsements and Riders

What is the purpose of an endorsement or rider?

Endorsements and riders are often attached to insurance policies. They may amend the policy coverage to fit a special situation.

Individual insurance needs differ. Your insurance agent uses riders to adapt a policy to your special needs.

Endorsements or riders accomplish a number of purposes. They often extend the policy coverage. They may also omit certain unneeded coverage, thereby reducing your premium.

Another function of the rider is to make certain policy provisions more precise. Endorsements and riders sometimes contain a time factor.

Endorsements and riders are a convenient means of making routine policy changes. These include such changes as name or address and method of premium payment.

By the use of riders, it is unnecessary to rewrite the entire policy. Riders enable your agent to personalize the standard insurance policy form.

Happiness is knowing you are fully protected by insurance! For your total Insurance Service see The Bender Agency. Your protection is our business at The Bender Agency, 380 Main Street, open Monday Friday 9:00 to 5:00, Thursday evenings 9:00 to 12:00, and Saturday 9:00 to 12:00 for your convenience. ## Signs for Cellar Barrooms

MISSING: Is the old NORTH WILMINGTON railroad sign.

In this day and age almost everyone has down in his cellar a place to entertain friends, a place that is adorned with suitable bottles and other paraphernalia. It is considered fashionable to decorate such a cellar bar with various signs, sometimes bizarre, and sometimes illegally acquired. A few weeks ago the NORTH

WILMINGTON sign that used to be on the old railroad depot in which the Town Crier is published, disappeared. It is undoubtedly today adorning someone's cellar, in a proud position. The latest are the signs that were put up by the Town in the Town Memorial Park. They said ABSOLUTELY NO ALCOHOLIC

BEVERAGES ALLOWED HERE. Those too, presumably are decorating someone's barroom.

## Playgrounds Close Successful Season

The Recreation Department sponsored summer playground season closed on Friday, August 27th, concluding the most successful summer in its history. Seven areas were operating for 8 weeks at the Wildwood School, Woburn St. School, High School, Boutwell School, Glen Road School, Shawshen School, North Intermediate School.

Attendance figures kept on these areas showed that attendance on the playgrounds totaled 20,274 participants. These figures are arrived at by taking count of the number of participants present on the area, once in the morning and once in the afternoon.

Trips were taken to such places as the Red Sox Game, Canobie Lake, Long Beach, Aquarium, Swan Boats, Tewksbury Airport, Miniature Golf, and Benson's Wild Animal Farm.

Garbage cans usually rust out along the bottom first. To lengthen their life and to make them easier to keep clean and sanitary when they are older, the bottoms can be coated with asphalt paint.

A cupful of paint can be poured onto the bottom of the can and then rolled around until all seams and crevices are filled. Be sure to scrub clean beforehand, and carry the coating up about ten or twelve inches from the bottom around the sides.

Presto! The inside of a garbage can you'll be proud to brag about!

## A New Look at St. Dorothy's

Since home religious formation figure largely in present and future Church education, and the growing in love within the warmth and security of a truly Christian home is the best foundation for the religious development of the child, St. Dorothy's clergy, coordinator and Governing Board have seen fit to make certain changes in the structural Religious Education program of the parish which will formally begin regular sessions the week of October 4th.

**Grade 1 Students:** No formal classes will be conducted for Grade 1 students in the Church. All instruction will be done individually by mothers of their own children in their own homes under the supervision of the Core Catechists and Sr. Delores, S.C., the Religious Education Director. These latter will meet regularly with the parents to offer specific training in how to conduct the lessons at home. Should some mothers work, or for some other good reason cannot teach their own children, "Block Groups" will be arranged so that the children will be taught in a home in their own neighborhood by a Core Catechist. Notification will be given shortly as to the date and time of a special meeting for the parents of all Grade 1 children for the purpose of explaining the program more fully.

**Grades 2 - 8:** To be conducted as usual.

**Grades 7 and 8:** Regular classes but with Teacher-Rotation, offering variety and greater contact between all members of the faculty and all Junior High students. Confirmation will be received in Grade 8 for this year.

**High School:** The High School program will be conducted in the homes. The courses will be listed as electives and the students shall register for the course of their choice on a first-come/first-served basis. No more than 10 or 12 students will be permitted to work with any teacher or team of teachers in any home. The course offerings will range from Race and Prejudice to courses in Multi-Media technique etc.

With parental interest and co-operation and financial support of the program, some of the difficulties suffered through in the past few years might be eradicated.

Keep on the look out for more information in the Church, through the bulletin and around the neighborhood. It will be coming soon!

**Sunday Mass Schedule**  
7:30, 9:00, 10:30 and 11:45 a.m.;  
Saturday at 5:15 p.m. Attendance at the Saturday Mass fulfills the Sunday obligation for that week.

**First Friday Mass Schedule**  
9:00 a.m. and 7:30 p.m.  
**Daily Mass Schedule**

**Confession Schedule**

## It is that time of Year Again

The Wilmington Community Fund will hold its annual fund raising campaign from September 10th to September 30th and again your earnest support is needed.

Last year our townspeople were urged to "break the dollar" habit and we are happy to report that many people heeded our request and gave more than one dollar. We know that this year economic conditions are worse and that some people are out of work. We also are aware of the fact that many local industries which had payroll deductions favorable to our community fund, have laid off employees and consequently our contributions from these sources will be less. In short, the very conditions that create a decrease in funds, create a greater need for services and money.

Some persons who usually contributed may not be in a position to do so now and, therefore, we urge those people who can donate to scratch a little harder and give more. Wouldn't you like to know that Wilmington is a town that cares and where needs can be met because of your generosity!

GIVE!

## The Price is Right

As could be expected, the Planning Board, Tuesday night, thought the Town Crier was wrong in its statement about the cause of high taxes, last week. The chairman pointed out that in one of the cases cited by the Town Crier there were nine things that the Planning Board wanted done, some with other boards, and another member stated that he would find nothing with a road 700 - 900 - or 15,000 feet long. Later it developed that he was not thinking of the "no through-way" road, but one with open ends at both ends. When it was pointed out that there were advantages to not having through traffic, because of vandalism, he thought there was a point, and he allowed that he might go for a road 2000 feet long under such circumstances, and thought the other members would too.

But the Chairman should go back and read what the Town Crier stated. This column specifically included other boards, about which it might comment later.

The strength of the Town Crier's remarks was on the "600 Foot Rule" which is being applied to industrial developments, and has stopped them cold. He thought that the developers should still come in and argue. What is the use of arguing against a board that has made up

its mind not to grant any street over 600 feet long? Such an act is only an exercise in futility.

To repeat, the Planning Board, had it acted otherwise, could have helped Wilmington to have a \$46 tax rate this year. If both of the proposed developments had been allowed to proceed properly there could have been even a \$42 tax rate.

And the chances of the prediction of Mr. Boylen, about a \$60 tax rate next year, are very good, as long as the Planning Board keeps its present attitude.

## A Wilmington Firm gets a Trial

GOVERNOR FRANCIS SARGENT: Was the speaker last week, at the official opening of the Motorist Aid Call Box system for Interstate 495. The call box, which operates by radio, is made by Solid State Technology, Inc. of Wilmington, and boxes have been placed along ten miles of 495.

In back, L to R are John J. Biondo, president of Solid State Technology; Commissioner of the DPW, Bruce Campbell; Secretary of Public Safety General McLaughlin and State Representative Raymond Burke.

The official opening was held in the State Police Barracks in Concord, and one of the SST's Call Boxes may be seen on the table behind the Governor.

# We are all ecological hypocrites

Now, and only now, are we beginning to realize that ecology is more than a conversation piece; that compatibility with the environment will demand a sacrifice that, as yet, we have shown no real desire to make.

Few of us have looked at ourselves, preferring instead to turn a critical eye next door. Unrelatedly we look askance at the industrial smokestack, at the auto plant, at the atomic generator, the steel mill, the chemical industry.

But who, in heaven's name, do we believe these enterprises serve?

We are all, each and every one of us, selfishly, blindly — no longer ignorantly — doing our damndest to destroy our environment, polluting it to our personal convenience until the inevitable point of no return.

The world as a physical entity is not infinite, it is finite.

Uncomfortable though it may be, we have to face the mirror and ask: — Is it selfish and destructive to others including those unborn...

To have five-10 children?  
To have three cars?  
To have 50 home appliances?

To have a boat which befouls the waters?  
To create untold decibels of noise?

To litter and waste and buy non-reusable materials?  
To demand more and more gadgets which escalate polluting power needs?

We are all hypocrites — the academic, the writer, the nature lover, the legislator, the preacher, the flower child. We talk well and do little.

But we can no longer evade the truth. Saving our environment will force a final confrontation with free enterprise and free choice.

Can we in fact continue to allow untrammelled individual choice now that we know one man's free choice is another man's burden; that a world of free choice may mean no world at all.

The fight to preserve the environment and the balance of nature, in and outside our cities, may demand rules and values beyond anything yet conceived, an idea abhorrent as yet to an older age.

But how else? Man is not yet ready to give up that which he does, or has, without being so ordered.

## Playschool Registration Saturday

The Wilmington Recreation Department will hold registration for the Playschool Program for 1971-72 on Saturday, September 11th, beginning at 10 a.m. at the Recreation Office in the Mildred Rogers School.

This popular program for pre-school youngsters of Wilmington has limited enrollment opportunities and places in a class will be assigned on a first come, first served basis.

Parents may enroll only their own children at registration. There is a registration fee of

\$1.00, as well as a \$1.00 charge for each class. Playschool will follow the regular school vacation schedule. The program, held on Tuesday and Thursday mornings, will begin on September 21st. At the time of registration, parents must present either a birth certificate or some other document showing the child's birthdate.

No pre-registration will be conducted. For further information, call the Recreation Department at 658-6512.

The benefits of the Medicare program are many.

Among these is what is called the Supplementary Medical Insurance Plan, which offers basic coverage for doctor's bills and other medical expenses.

This program is open to almost anyone, 65 years of age or more. To enroll, you need not be insured under Social Security or under the Railroad Retirement Act. You need not be retired or even a United States citizen. Aliens who have resided continuously for five years may also enroll during fixed time periods.

To be covered by the voluntary insurance program for medical expenses, you must take steps to enroll within the enrollment period set for your group.

Be sure you know when your dates are; otherwise your coverage is delayed and you face a possible increase in premium.

Many pharmacies now offer such benefits. Fill prescriptions at Silver Lake Pharmacy, 52 Main St. Tel. 658-4617. Cosmetics including Clairol. Large stock of Greeting Cards. Open 9-10 Every day.

Helpful Hint: Failure to enroll within three years will mean forfeiture of the opportunity to enroll in the voluntary plan.

## Deaths

### DAVID A. BROWN, JR.

David A. Brown, Jr. of 41 King Street died at the Symmes Hospital, Arlington on Saturday after a brief illness.

Mr. Brown, who was 59 years of age at the time of his death, was born in Cambridge, the son of Mrs. Annie F. (Wren) Brown of Medford and the late David A. Brown, Sr. He had been a resident of Wilmington for the past 10 years and was employed as a construction laborer for the A. Belanger & Sons Co., of Cambridge.

Besides his mother, he is survived by his wife, Mrs. Alice S. (Loring) Brown, his daughter, Mrs. Rosalie A. McConologue of Wilmington; two sons, Henry J. of Pelham, N.H. and David A. Brown, III of Billerica; his three sisters: Mrs. Esther Theide and Mrs. Devlin both of California and Mrs. Dorothy Callahan of Medford. He is also survived by 8 grandchildren.

The funeral was held from the W.S. Cavanaugh & Son Funeral Home, 374 Main Street on Wednesday morning at 9:15 followed by a Funeral Mass at St. Dorothy's Church at 10, celebrated by Rev. Father Joseph Leahy.

Burial took place in Wildwood Cemetery.

### FUNERAL SERVICES FOR HENRY J. LORING

Henry J. Loring, of 41 King Street died at the Tewksbury Hospital on Sunday evening following a lengthy illness.

Mr. Loring, who was 76 years of age, was born in Boston, the son of the late Henry J. and the late Alice S. (Simpson) Loring. He had formerly lived in Charlestown prior to taking up his residence in Wilmington 19 years ago. He was a retired sheet metal worker having been employed at the Charlestown Navy Yard.

Mr. Loring was the husband of the late Rosetta G. (McCarthy) Loring and is survived by his two daughters: Mrs. Alice S. Brown of Wilmington and Mrs. Margaret Hickey of Charlestown; his two sons: Henry J., Jr. of Everett and John P. of Nevada. He is also survived by 19 grandchildren and 13 great grandchildren.

The funeral was held from the W.S. Cavanaugh & Son Funeral Home, 374 Main Street on Wednesday morning at 9:15 followed by a Funeral Mass at St. Dorothy's Church at 10, celebrated by Rev. Father Joseph Leahy.

Burial took place in the family lot at Holy Cross Cemetery, Malden.

### MICHAEL ROSA, 24 YEARS A RESIDENT

Michael Rosa of 7 Kendall Street, died shortly after arrival at Choate Memorial Hospital on Friday afternoon where he was taken following an accident at work.

Mr. Rosa, who was 60 years of age at the time of his death, was born in Italy, the son of the late Joseph and the late Concetta (Venetia) Rosa. He had been a resident of Wilmington for the past 24 years and was employed as a mechanic at the Cain Car Wash.

He is survived by his wife, Mrs. M. Grace (Danna) Rosa, two daughters, Miss Janice M. Rosa of Wilmington, Mrs. Anita G. Guckert of Lowell; two sons, Michael P. of Wilmington and William D. of Braintree; his three sisters: Mrs. Mary Maffeo of Somerville, Mrs. Emily Hedin of California, Mrs. Josephine Vertuccio of East Boston and his brother Roger Rosa, also of East Boston; also 7 grandchildren.

The funeral was held from the W.S. Cavanaugh & Son Funeral Home, 374 Main Street on Tuesday morning at 9:15 followed by a Funeral Mass at St. Dorothy's Church at 10, celebrated by Rev. Lawrence Drennan.

Burial took place in the family lot in Wildwood Cemetery.

Pall bearers for Mr. Rosa were: Michael DeLucia, Anthony Micallizi, Anthony Pupa, Richard Vertuccio, Richard DeLucia, Ruby Maffeo, Wilbur Southmayd and Douglas Fleming.

## Free Lunch Program

The Wilmington School District as a part of its regular lunch program provides lunches at a reduced price or free to students who are unable to pay the full price. The following income scale will be used to determine which children are eligible to receive free or reduced price lunches.

If the annual net income relative to size on family scale, falls within these limits, all children attending school or child care centers are entitled to a free lunch.

Family Size	Annual Net Income
1	\$2040
2	2832
3	3507
4	4182
5	4857
6	5534
7	6209
8	6885
9	7559
10	8235
11	8911
12	9587

For each additional person over 12 in family add \$675.

Annual net income above these levels requires full payment for lunch, except in circumstances as outlined in b. and c.

a. All children in families wherein the children or children's parents receive assistance from any federal state welfare program such as Aid to Families with Dependent Children, General Relief, etc. and also children from other families with comparable income levels at or below the established guidelines, shall be eligible automatically for a free meal upon application.

b. Children from families with income above the level of the family size income scale established by the Department of Education will be provided free or reduced price lunches if in the judgement of local school officials the families have special circumstances warranting such action.

c. Other children who in the judgement of appropriate school or health officials have unmet nutritional needs will also be provided a free or reduced price meal. In cases where the parent will not or cannot apply for free lunches for his children, the school may authorize free or reduced price lunches for the children on the basis of a recommendation of the teacher, nurse, or other school official. We recommend that the school complete application forms for such children to serve as documentation. However, it is not required that the school fill out such an application. In cases of known or suspected need where the parent does not apply, the school may authorize the child to receive free or reduced price lunches.

Unusual circumstances such as illness or death in the family, temporary disability and seasonal unemployment are also taken into account when determining eligibility.

The schools will make every effort to insure that the children do not know who is paying and who is receiving a free meal.

Parents who feel that their children are eligible should apply. Application forms will be sent to each parent, and are available in the school office of each participating school. If application is denied, a statement of the hearing procedure will be forwarded with denial notice.

The district's complete policy concerning reduced price and free meals may be reviewed in Superintendent Walter H. Pierce's office, 159 Church Street.

## Remember When...

Miss Currie of Cambridge, Madeline Melzar, Connie Folkins, and Gerald Frazee were, at different times, teachers of piano.

Gerald Frazee composed a march which was played for years at graduation exercises in the Congregational Church. The High School reception and dances were held in the Town with music furnished by Brown's Orchestra. Small dance order booklets with attached pencils listed the dances.

Louise Croteau played the piano accompaniment to the movies at the Grange Hall, and the reels were rolled off by Eddie Lyons.

Miss Binter and in later years, Miss Helen Sylvester of Woburn conducted dancing classes.

Talented Louis Doucette - director, make-up man and actor for "C.C." Club plays. Cavanaugh's Orchestra - Charlie on the sax and clarinet and Billy on the drums. Fowler's ice cream in Woburn - later Arnold and Colgate.

A Group of Old Timers.

## Melzar Park discussion slated for September 28

The Wilmington Planning Board, at 9 p.m. on September 28th is slated to discuss the engineering and development of Melzar Park, the new residential development proposed to be north of Broad Street. Announcement was made by the Chairman, Morton Grant, in Tuesday evening's meeting.

Progress seems to be the rule of a second development, to the northward, on the other side of Lubbers Brook and southerly from Salem Street. Town Engineer Arthur Harding reported a scheduled meeting with Dave Newhouse and Newhouse's engineer, for Sept. 9th. Harding has already looked over the grounds.

Harding also reported that he had had a visit from a Professor of Planning from the University of Massachusetts. He is making a study of half a dozen Massachusetts towns, and Wilmington is one on the list, because it has already had Soil Study, a Master Plan and a Land Use map.

The board discussed a Hatch Act hearing scheduled for next Monday, and voted to disapprove. The area involved is off Federal Street, on the westerly side. Bill Hooper said it was a part of the Ipswich River watershed and that extensive care had to be exercised. Danny Gillis, who voted to disapprove, pointed out that not many feet away is the Wilmington Cemetery, and that extensive mud from Somerville had been used there, recently, as fill. "Who, he asked, 'is contaminating who?'"

The Chairman reported that the Superintendent of Schools wanted to have reports of new residential developments, as soon as possible. Bill Hooper pointed out that he was about to propose that notification be given to the Fire and Police Departments, after definitive approval had been given, and the Superintendent of Schools could be added to the list.

It was decided to write the Superintendent when plans were first filed.

On the suggestion of Mort Grant a discussion was held regarding an odor from chemicals which permeated Wilmington on a recent Saturday.

"Three years ago", he said, we wrote a letter to the Town Manager regarding that particular plant."

Danny Gillis: "We have a law on the books on obnoxious odors. Let's enforce it. Give Mr. McClanahan the proper backing to perform his duties."

TM Morris: "Actually, it's the Sanitarian. We had an industrial accident in Wilmington a week ago Saturday. That's what caused the odor."

The conversation shifted to water problems. Grant, two weeks ago, had reported that fill was being put in an area north of Concord Street, and between Woburn Street and Route 93. He had received, he said, a letter from the Building Inspector that the area was not under the Hatch Act.

This had caused Grant to discuss the case with a Selectman, with Arthur Bureau of the Conservation Commission, and with Frank Colombo, a State employee. It was, Grant said, the first time in six years that the area was dry. Colombo went down to have a

look, and instead of seeing the place referred to by Grant, he had noted activity on the easterly side of Route 93, looking towards North Reading, and beside the Ipswich. Grant said that Colombo had then put in for a "Cease and Desist Order" - but never saw what was going on on the West side.

Grant continued: "Here is land zoned for SRA, in which the owner has already put in more money than he would for a house to be built. I asked a neighbor, and the neighbor said it was just speculation. I would like to know how the Building Inspector determines that there is no Hatch Act necessary - it is a definite body of water with a continuous stream of water flowing to Lubbers Brook."

Gillis told him to send a memo to the Building Inspector and ask him. The Town Engineer volunteered that he had photographs taken of the area in 1955, when the engineers were planning Route 93.
